1.3. We conclude contracts **exclusively** on the basis of our GTS.

1.4. **Terms of business of the customer** or amendments or supplements to our GTS require our express written consent in order to be valid.

2.1. Our offers are **not binding**.

2.2. **Promises**, assurances and guarantees on our part, or agreements diverging from these GTS in connection with the conclusion of the contract become binding only on our written confirmation.

2.3. The customer must notify us of any **information** about our products and services that is provided in catalogues, price lists, brochures, advertisements on trade fair stands, circulars, advertising mailings or other media (information material) which is not attributable to us, insofar as the customer takes this as the basis for his decision to place an order. In such a case, we can comment on its accuracy. If the customer does not meet this obligation, such information is not binding, unless it is expressly declared to form part of the contract.

2.4. **Estimates of costs** are provided without warranty and are **free of charge**.

3. Prices

3.1. Prices stated are fundamentally **not** to be understood as **lump sum prices**.

3.2. For services that are ordered by the customer and which are **not covered in the original order**, in the absence of a fee agreement there is a claim to appropriate remuneration.

3.3. Prices stated are to be understood as plus the statutory **value added tax** that is applicable in each case, and ex works. Costs of packaging, transport, loading and despatch, as well as customs duty and insurance, are to be borne by the customer. We are obliged to take back packaging only if this is explicitly agreed.

3.4. The customer is responsible for arranging the proper and environmentally appropriate disposal of **scrap material**. If we are separately entrusted with this, in the absence of a remuneration agreement this must be additionally compensated appropriately to the extent agreed for this.

3.5. We are entitled, and also obliged at the customer’s request, to **adapt** the contractually agreed remuneration if changes have occurred to the extent of at least 5% in respect of (a) wage costs through law, directive, wage agreement, company agreements or (b) other cost factors that are necessary for performance, such as procurement costs of the materials to be used, on the basis of recommendations of joint committees or of amendments to national or world market prices for raw materials, exchange rates etc. since the contract was concluded. The adaptation shall be made to the extent to which the actual manufacturing costs at the time the contract was concluded change in relation to those at the time of the actual performance, unless we are in delay.

3.6. The remuneration in the case of continuing obligations is agreed to be **index-adjusted** according to the 2010 consumer price index and remuneration is thereby adjusted accordingly. The month in which the contract was concluded is taken as the starting basis.

3.7. Costs for **travel expenses, daily allowances and overnight allowances** are charged separately. Travel time is deemed to be work time.

4. Goods provided

4.1. If equipment or other materials are provided by the customer, we are entitled to charge the customer 10% of the value of the material or equipment provided, as a **handling surcharge**.

4.2. Such equipment and other materials provided by the customer are not covered by the **warranty**. The quality and serviceability of goods provided are the customer’s responsibility.

5. Payment

5.1. One third of the remuneration shall be **due** on conclusion of the contract, one third at the start of performance, and the rest following completion of performance.

5.2. Entitlement to **deduct a discount** requires express written agreement.

5.3. **Payment references** stated by the customer on the bank transfer documentation are not binding for us.

5.4. If, in the context of other existing contractual relationships with us, the customer is in default of payment, we are entitled to **suspend** fulfilment of our obligations from this contract until the customer has met his obligations.

5.5. We are then also entitled to **make payable** all claims for services from the ongoing business relationship with the customer that have already been provided.

5.6. Where a **payment deadline is exceeded**, even if this is only in respect of an individual part of the performance, any price reductions granted (discounts, allowances etc.) are forfeited and shall be added to the invoice.

5.7. In the event of a delay in payment, the customer undertakes to reimburse us for the necessary and appropriate costs of **collecting payment** (reminder costs, collection charges, lawyers’ fees etc.).

5.8. In accordance with section 456 of the Austrian Commercial Code (UGB), in the case of culpable **delay in payment**, we are entitled to charge 9.2 % points above the base interest rate.

5.9. We reserve the right to claim further damages for delay.

5.10. The customer is **entitled to offset** only insofar as counter-claims have been established by the courts or acknowledged by us.

5.11. For the appropriate reminders that are necessary for payment collection, the customer undertakes, in the event of culpable delay in payment, to pay reminder fees of €50 per reminder, insofar as this is in an appropriate proportion to the claim that is being asserted.

6. Credit rating check

6.1. The customer declares his express agreement that his data may be communicated exclusively for the purpose of protection of creditors to the officially privileged **creditor protection associations** Alpenländischer Kreditorenverband

(AKV), Österreichischer Verband Creditreform (ÖVC), Insolvenzschutzverband für Arbeitnehmer oder Arbeitnehmerinnen (ISA) and Kreditschutzverband von 1870 (KSV).

7. Customer’s duty of cooperation

7.1. Services are provided by us at our company premises. We are entitled to subcontract parts of the work to third parties in order to properly fulfil the contract.

7.2. The customer agrees that documents, items, and tools provided by the customer may be modified, damaged, or destroyed in the course of the development work. We shall not be liable to provide any compensation for this.

7.3. Our duty to **render performance begins**, at the earliest, as soon as all technical details have been clarified, the customer has created the technical and legal prerequisites (which we shall be pleased to communicate on request), we have received the agreed down-payments or securities, and the customer has fulfilled his contractual obligations of preliminary work and cooperation, in particular also those specified in the points below.

7.4. Details of the necessary information relating to the order can be obtained from us.

7.5. The customer bears sole responsibility for the design and functionality of **parts that have been provided**. There is no duty to examine any **documents provided** by the customer, details or instructions provided – beyond setting up a technical construction dossier and certifying observance of the Machines directive as well as any other applicable guidelines – with regard to the item to be supplied, and liability in relation to this is excluded. The duty to issue the certification can be contractually transferred to the customer marketing the deliverable item.

7.6. The customer is not entitled to **assign** claims and rights from the contractual relationship without our written consent.

7.7. We support clients in EMC, CE, FCC, UL, safety, and other regulatory processes but do not guarantee certification and compliance with any regulation. We act only as an engineering service provider and not as manufacturer, importer or distributor of the client’s end product under applicable laws.

8. Execution of work

8.1. We are obliged to take account of subsequent **modification and extension wishes** of the customer only if they are necessary for technical reasons in order to achieve the purpose of the contract.

8.2. Unless otherwise agreed in writing, after completion of the order the customer grants us the right to use their company name and logo as a reference, as well as photos, 3D renderings, and key data of a development service, for marketing purposes on our website, press releases, brochures, trade fairs, and similar channels.

8.3. **Minor amendments** to our performance that are **objectively justified** and are reasonable for the customer are deemed to be approved in advance.

8.4. If, after the contract has been awarded, there is an **amendment** of or supplement to the order for whatever reason, then the delivery / performance deadline is extended by an appropriate period of time.

8.5. If, after the contract has been concluded, the customer desires performance within a **shorter period of time**, this represents a change to the contract. This may necessitate overtime and/or extra costs may arise due to acceleration of material procurement, and the remuneration is increased accordingly in proportion to the necessary expenditure.

8.6. The customer acknowledges that prototypes and first design iterations are development and evaluation units, may not function perfectly, and do not represent final, production-ready products.

8.7. **OBJECTIVELY JUSTIFIED (E.G. SIZE OF INSTALLATION, CONSTRUCTION PROGRESS ETC.)**

PART-DELIVERIES AND PART-PERFORMANCE ARE PERMITTED AND CAN BE INVOICED SEPARATELY.

8.8. If delivery **on call** is agreed, the object of performance / object of purchase is deemed to have been called six months after ordering at the latest.

9. Deadlines for supply and performance

9.1. Deadlines and dates for supply / performance are **binding** for us only if they have been established in writing. Any divergence from this requirement of the written form must likewise be in writing.

9.2. Deadlines and dates are **postponed** in the event of force majeure, strike, unforeseeable delay by our ancillary suppliers that is not caused by us, or other comparable occurrences that lie beyond our sphere of influence, in that period of time during which the corresponding occurrence lasts. The customer's right to withdraw from the contract in the event of delays that render a commitment to the contract unreasonable remains unaffected by this.

9.3. If the start of performance or the performance are **delayed** or interrupted by circumstances that are attributable to the customer, in particular on account of infringement of the duty of cooperation pursuant to point 7, performance deadlines are extended accordingly, and completion dates are postponed accordingly.

9.4. For the **storage** of materials and equipment and the like in our company that is necessitated by this, we are entitled to charge 10% of the invoice amount for each month or part-month of delay in performance, with the customer's obligations of payment and acceptance remaining unaffected by this.

9.5. In the event of a withdrawal from the contract on account of delay, the customer must grant a **grace period** by means of registered letter whilst simultaneously threatening withdrawal.

10. Risk assumption

10.1. THE RISK PASSES TO THE BUSINESS CUSTOMER AS SOON AS WE HOLD THE OBJECT OF PURCHASE, THE MATERIAL OR THE WORK READY FOR COLLECTION IN OUR WORKS OR WAREHOUSE, DELIVER IT OURSELVES, OR HAND IT OVER TO A CARRIER.

10.2. THE BUSINESS CUSTOMER SHALL TAKE OUT APPROPRIATE INSURANCE AGAINST THIS RISK. WE UNDERTAKE TO TAKE OUT TRANSPORTATION INSURANCE AT THE WRITTEN REQUEST OF THE CUSTOMER AND AT HIS EXPENSE. THE CUSTOMER APPROVES ANY CUSTOMARY METHOD OF DESPATCH.

11. Delay in acceptance

11.1. If the customer delays acceptance for longer than 1 weeks (refusal of acceptance, delay in preliminary work or otherwise, no call made within an appropriate time in the case of delivery on call), and if in spite of an appropriate **grace period** having been set, the customer has not ensured the elimination of the circumstances attributable to him which delay or prevent the performance being rendered, we are entitled in the case of a valid contract to **deploy otherwise** the equipment and materials that have been specified for the performance of the work, insofar as in the event that the performance of the work is continued, we procure these again within a time appropriate to the respective circumstances.

11.2. In the case of delay in acceptance on the part of the customer, we are likewise entitled, in the case of insistence on fulfilment of the contract, to store the goods at our premises, for which we are due a **storage fee** pursuant to point 9.4.

11.3. In the case of a justified withdrawal from the contract, we are permitted to demand from the customer flat-rate **damages** of the level of 30% of the gross order value without proof of the actual damage.

11.4. Claiming higher damages is permitted.

12. Reservation of title

12.1. The goods that we supply, assemble or otherwise hand over remain our property until payment has been made in full.

12.2. **Reselling** is permitted only if that has been notified to us in good time beforehand, stating the name and exact address of the buyer and we agree to the reselling. In the event that we agree, the claim for the purchase price is deemed to be assigned to us here and now.

12.3. Until full payment of the remuneration or purchase price has been made, the customer must indicate this **assignment** in his books and on his invoices, and must **inform** his debtors accordingly. On request, he must make available to us all documents and information such as are necessary to assert the assigned receivables and claims.

12.4. If the customer falls into arrears in payment, we are entitled, whilst setting an appropriate grace period, to demand surrender of the goods that are subject to retention of title.

12.5. The customer must notify us immediately before the opening of bankruptcy proceedings in relation to his assets or the attachment of our goods that are subject to retention of title.

12.6. The customer declares his explicit understanding that in order to assert our claim to reservation of ownership, we are permitted to enter the **location** of the goods that are subject to retention of title.

12.7. The customer shall bear any **costs** that are necessary and appropriate for pursuing expedient legal remedies.

12.8. In the assertion of reservation of ownership, a **withdrawal from the contract** exists only if this is explicitly declared.

12.9. We are permitted to **dispose** of the goods subject to retention of title that have been reclaimed as we see fit and to our best advantage.

12.10.

Until all our claims have been paid in full, the object of performance / object of purchase must not be pledged, assigned or otherwise burdened with the **rights of third parties**. In the case of seizure or other avilment, the customer is obliged to point out our right of ownership and to notify us immediately.

13. Industrial property rights of third parties

13.1. For deliverables that we produce **according to customer documentation** (design specifications, drawings, models or other specifications etc.), warranty that the production of these deliverables does not infringe the industrial property rights of third parties is assumed exclusively by the customer.

13.2. If the industrial property rights of third parties are nonetheless claimed, we are entitled to **suspend production** of the deliverables at the customer's risk until the rights of third parties have been clarified, unless it is obvious that the claims are unjustified.

13.3. The customer shall **indemnify us for any loss or damage** in this regard.

13.4. We are entitled to demand from business customers appropriate **advances on costs** for any legal costs.

13.5. Likewise, we can claim from the customer the refunding of necessary and expedient **costs** that we have incurred.

13.6. We are entitled to demand appropriate **advances on costs** for any legal costs.

14. Our intellectual property

14.1. Deliverables and related production specifications, **plans**, sketches, estimates of costs and other documents as well as software that have been provided by us or which have arisen through our contribution shall remain our intellectual property.

14.2. Use thereof, in particular distributing, copying, publishing and making them available, even including the

copying only of extracts, as well as imitation, processing or exploitation, requires our explicit **consent**.

14.3. The customer furthermore undertakes to maintain **confidentiality** in relation to third parties of the knowledge he has acquired from the business relationship.

15. Warranty

15.1. The **warranty period** for our services is one year from handover.

15.2. In the absence of any agreement to the contrary (e.g. formal acceptance), the time of **handover** is the time of completion, at the latest when the customer has taken over the work into his control or has refused to take it over without giving reasons. With the date on which the customer is notified of completion, in the absence of justified refusal of acceptance the work is deemed to be taken into his control.

15.3. If a joint handover is envisaged, and if the customer does not attend the handover appointment that has been notified to him, the handover is deemed to have taken place on that day.

15.4. The **remedying** of a defect that has been claimed by the customer does not represent acknowledgement of a defect.

15.5. The customer must always **prove** that the defect existed at the time of handover.

15.6. Samples and prototypes delivered to the customer are not quality-assured serial products.

They may be manually modified or untested.

Therefore, they do not have to meet the required specifications, are not suitable for productive use, and may only be used under the supervision of trained personnel. For these reasons, any warranty and liability for samples and prototypes is excluded.

15.7. For the remedying of defects, the customer must make the plant or equipment **available** to us without culpable delay and must grant us the opportunity for assessment by us or by an expert appointed by us.

15.8. **Notices of defects** and complaints of all kinds must be notified immediately (at the latest after 10 working days) to the domicile of our company, **in writing**, with as accurate a **description of the defect** as possible and stating the possible causes, otherwise the warranty claims are forfeited. The goods or work that are the subject of complaint must be handed over by the customer, insofar as this is feasible.

15.9. If the **defects alleged** by the customer are **unjustified**, he is obliged to compensate us for expenses incurred for establishing freedom from defects or remedying defects.

15.10. Any **utilisation or processing** of the defective deliverable that carries the risk of further damage or makes elimination of the cause more difficult or prevents it, must be stopped by the customer without delay, unless this is unreasonable.

15.11. We are entitled to carry out or have carried out any **examination** that we regard as necessary, even if this renders the goods or work pieces unusable. If this examination shows that we are not responsible for any defect, the customer must bear the costs for this examination against appropriate remuneration.

15.12. Transportation and travel costs arising in connection with the rectification of defects are to be borne by the customer. On request by us, the customer must provide, free of charge, the necessary workers, energy and premises, and must cooperate in accordance with point 7.

15.13. The customer must grant us at least **two attempts** to rectify the defect.

15.14. We can avert a **request for rescission** through improvement or an appropriate price reduction, insofar as this does not relate to a significant and unrectifiable defect.

15.15. If the deliverables are produced on the basis of **details**, drawings, plans, models or other specifications of the **customer**, we provide warranty only for the execution according to specifications.

15.16. The fact that the work is not fully suitable for the agreed use does not constitute a defect if this is based exclusively on actual circumstances that **differ** from the **information** that was available at the time of performance because the customer does not fulfil his obligations to cooperate in accordance with point 7.

15.17. Likewise, it is not a defect if the customer's **technical installations**, such as supply lines, cabling, networks etc. are not in a technically perfect and operational condition, or are not compatible with the items supplied.

16. Liability

16.1. In the case of **pecuniary loss** as a result of the infringement of contractual or pre-contractual obligations, in particular because of impossibility of performance, delay etc., we shall be liable only in cases of premeditation or gross negligence on account of technical circumstances.

16.2. Our total liability for all claims, whether contractual or non-contractual, shall be limited primarily to the amount covered by any liability insurance taken out by us for the respective case. If and insofar as such insurance coverage does not exist or is insufficient, our total liability shall in any event be limited to the value of the delivered product or service. We will only compensate for damage caused to the customer if the customer proves that it was caused by gross negligence on the part of us or our employees. Our liability for consequential damage arising from defects is excluded.

16.3. This limitation also applies in respect of damage to items that we have **accepted for processing**.

16.4. Claims for damages must be filed before the courts within two years or are **otherwise forfeited**.

16.5. The restrictions or exclusions of liability also include claims against our **employees**, representatives and contractors for damage which they cause to customers without reference to a contract on their part with the customer.

16.6. Our liability is excluded for damage due to **improper handling** or storage, overuse, failure to follow operating instructions and installation instructions, defective assembly, commissioning, servicing, maintenance by the customer or third parties not authorised by us, or natural wear and tear, insofar as this caused the damage. Liability is also excluded for failure to carry out necessary servicing.

16.7. If and insofar as the customer can claim **insurance payments** for damage for which we are liable, through an indemnity insurance that he has taken out himself or that has been taken out for his benefit (e.g. liability insurance, fully comprehensive cover, transport, fire, interruption of operation and others), the customer undertakes to claim the insurance payment and our liability to the customer is limited to this extent to the disadvantages that the customer suffers by claiming on this insurance (e.g. through higher insurance premiums).

16.8. Those product characteristics are owed which, in respect of the licensing regulations, operating instructions and other product-related guidelines and information (in particular also monitoring and servicing), can be expected of us, third-party manufacturers or importers by the customer, taking into account his knowledge and experience. The customer as reseller must take out adequate insurance for **product liability claims** and must indemnify us for any loss or damage with regard to claims for recourse.

16.9. If the customer acts as a reseller of the delivered products or prototypes, the customer shall maintain adequate product liability insurance covering claims from third parties arising from the use of the delivered products and shall hold HIQED harmless and indemnified from any claims, damages, or legal actions arising from such product liability claims.

17. Severability clause

17.1. In the event that individual parts of these GTS are invalid, the validity of the other parts shall not be affected by this.

17.2. The parties here and now undertake to agree a **substitute provision** – from the perspective of responsible contracting parties – which comes as close as possible to the invalid provision in terms of the economic end, considering what is usual in the industry.

18. Subscription-based Services

18.1. Deviating or supplementary provisions agreed for Subscription Services shall take precedence over these GTS **only insofar as they relate to Subscription Services**.

18.2. Subscription services are provided on a recurring, time-based basis and do not constitute a fixed-scope project. Subscription services grant the client access to engineering tasks during an active subscription period.

18.3. No minimum output, number of tasks, or guaranteed delivery volume is owed unless explicitly stated in writing.

18.4. Tasks are handled sequentially (1 task simultaneously), not in parallel. We reserve the right to request clarification or reject tasks that are incomplete, unclear, outside the scope of PCB layout work, or technically infeasible.

18.5. The subscription may be cancelled by either party at any time with effect at the end of the current billing period. Fees already paid are non-refundable.

18.6. The subscription term begins on the date the subscription is confirmed by us in writing and is binding for a period of one (1) month.

18.7. Feedback from customer must be submitted during the active subscription period. After expiration of the subscription, any warranty, defect, or correction claims are excluded.

18.8. Subscription services are provided exclusively within the active subscription period. Tasks submitted during a subscription period shall be processed solely within the respective billing month. Any tasks not completed by the end of the subscription period shall expire automatically and shall not be continued, completed, or delivered thereafter.

18.9. There shall be no rollover, carryover, credit, or entitlement with respect to unfinished tasks, unused capacity, or remaining workload beyond the subscription period.

18.10. We may provide services to other clients concurrently and does not guarantee fixed daily availability, specific working hours, or dedicated personnel.

18.11. Subscriptions expire automatically at the end of the agreed term and do not renew automatically. Any further provision of subscription services requires a newly concluded agreement.

18.12. For subscription-based services, any limitation of liability referring to project milestones shall apply accordingly to the total fees paid by the customer for the respective subscription period.
